مدرسة القديسة مريم الكاثوليكية الثانوية – دبي
ST. MARY'S CATHOLIC HIGH SCHOOL, DUBAI

Lesson Plan

Subject	**Science**
Class/ Section	**Yr 3**
Week	**Week 4 : 19th September to 23rd September ,2021**
Work send to students by	**Google classroom**
Total number of lessons per week	**3**
Unit/Topic	**Animal Adaptation**
Live Zoom lesson along with face to face instruction for students present on a particular day Work will be assigned in google classroom which will be matched to the students' ability.	**Lesson 1: Animal Adaptation** **Specific Learning objectives: Use a simple dichotomous key to identify animals.** **Specific Intended Learning Outcomes:** Use keys to identify and sort animals. Create classification key to classify the given animals. **Tasks:** 1. Practice classifying animals using classification key. 2. Notebook- complete simple classification key to classify animals. **Assessment Criteria/ Essential questions:** **Support**- Identify and sort the animals in correct column using the key questions in classification. **Stretch-** Create classification key for the given set of animals. **Extend-** Create their own classification key. **Scientific Vocabulary:** Classification key. **Resources:** Power point with video links posted on it.
Live Zoom lesson along with face to face instruction for students present on a particular day Work will be assigned in google classroom which will be matched to the students' ability.	**Lesson 2&3 : Teeth** **Specific Learning objectives:** Identify and name the main types of teeth in humans: incisor, canine, premolar and molar. **Specific Intended Learning Outcomes**: Know that different shaped teeth have different jobs.

Name and identify different types of teeth eg. molars, canines and incisors within their own mouths and on diagrams.

State the function of each type of human teeth- incisors, molars and canines.

Tasks:

1. Match the picture with the name and function of different types of teeth.
2. Notebook- Draw and label the different types of teeth.
3. Complete the online task- Label the different types of teeth and match them with their functions.
