NOTICE REGARDING FEE INCREASE FOR THE ACADEMIC YEAR 2019-2020

Dear Parents,

Greetings from St. Mary's. It is customary at this point in the annual cycle for the School to review its financial position and set budgets for the coming year. We are continuing to invest in additional infrastructure that improves teaching and learning. In addition, huge investments are to be made to invest in technology driven teaching resources and in washroom upgrades to name a few. We are certain that you will understand that your continued support is imperative to help us achieve our goals.

The school has always been committed to providing high quality education that is affordable to the families that are part of the wider school community. **As such the KHDA has approved a 2.07% increment of the tuition fee for the next academic year 2019-2020.** We are certain that you as parents understand that we need your continued collaboration and support to fully meet our goals.

Our common goal is that our children continue to grow holistically while receiving a good quality affordable education in a multi-cultural' and 'multi-faith' school community. If we keep our eyes focused on that goal, we are confident that we will succeed with whatever challenges are put before us. We count on your strong support as parents that we have always received, to continue to doing the best for our children.

Kindly find attached a table listing the newly approved fees for the Academic Year 2019-2020.
