

Ramadan Kareem

As we fast during this holy month let us remember in prayer all those around the world who fast daily with the hunger that is part of their lives.

As we find only a few of us at home for Iftaar, let us remember in prayer all those who will be alone for Iftaar.

As we offer up our good deeds to the Almighty this Ramadan let us be grateful for safety and good health. As we spend more time in prayer during this Holy Month let us lift up the sick, the suffering, our health care workers, those who search frantically for a vaccine, our leaders and our school community.

May we all strive to be more tolerant, more patient, more gentle with one another and may God's love fill your heart and home this Ramadan.

Wishing Ramadan Kareem to our Marian family with a prayer for peace and harmony with one another.
