

YEAR 13 - BUSINESS

WEEK 9 (17th to 21st May)

Article/Work sent to students through Google Classroom

Revision Work

Learning Objectives:

– To analyse how the onset of the pandemic has impacted industries.

To evaluate the cash flow of the hardest hit industries like airplanes and automobiles.

To carry out a research activity on Jaguar and suggest whether the company should continue with the development new Jaguar XJ or prioritise the production of the 'cash cows' in their product portfolio- Range Rovers and Land Rover Defenders.

Learning Outcomes:

Sharpens critical thinking skills.

Development of analytic reasoning.

Exploring open-ended questions with imagination and logic and learning to make decisions.

<p>Sunday –</p> <p>2 Asynchronous Lessons using Google Classroom</p>	<p>Read some contextual examples as to how some industries have been affected- uploaded on Google Classroom.</p> <p>Carry out a research task to support online learning. Students Use the internet to conduct some research and consider the merits and drawbacks of each option and justify which option they think JLR should choose.</p>
