

**Dear Parents,**

**Greetings!**

**Subject choices made by parents for their children will be respected by the school and this includes ICT / Computer Science, where the school will not restrict numbers and so you may order books based on the subject choices you made for your child. Please note that there are still a few children who did not complete the subject choices we request their parents to email IT-Support ([itsupport-smchs@smgeducation.org](mailto:itsupport-smchs@smgeducation.org)) immediately.**

**Thank you**
