DATE: Wednesday, 19th August, 2020.

To,

Parents of students in Year 11 who are awaiting Pearson Edexcel Results

Dear Parents and our dear students,

Greetings from St. Mary's. We understand that the eve of Results Day is always fraught with stress and nervousness! We wish you all our very best!

GCSE / IGCSE Edexcel results will be able to be accessed by each candidate via the Results Plus Account that you have already received! Results will be accessible at approximately 12:00 noon on 20th August 2020. Please expect a huge surge of traffic on the site and so we urge you to kindly be patient. You might not get immediate access due to this surge of traffic and we ask that you not panic but try a little later.

The school has not yet received the hard copies of printed results and we will inform you via the school website of procedures for collection once we have received these! Please note that owing to the pandemic situation, we will hand over results only to a parent. An authorized adult over the age of 25 with a letter of authority from parents that includes the adult's full name and Emirates ID number may also collect the same. Please ensure that the person you are authorizing has their Emirates ID for verification. Results will not be given to students. Students who are continuing their A-Level Programme at St. Mary's will be given the hard copies of provisional results later.

For any results related queries kindly email our Pearson Edexcel Examinations Officer - Ms. Vichitra Gabriella. For university related queries kindly email our Head of Student Support Services- Ms. Amy Kuriyan. Please note that no phone calls or Whatsapp messages will be resounded to for the above mentioned queries.

The A- Level Interviews will be conducted virtually on Friday, 21st August from 7:00 am onwards according to a merit based list. Links will be sent to your student email ! Please be on time for your slot as the availability of choices becomes restricted as we move down the list.

Once again we wish you the very best for Results Day and for your education journey onward from St. Mary's.

Yours sincerely

Mr. Paul Asir Joseph
(Principal)
