THE IMPORTANCE OF PAVILIONS

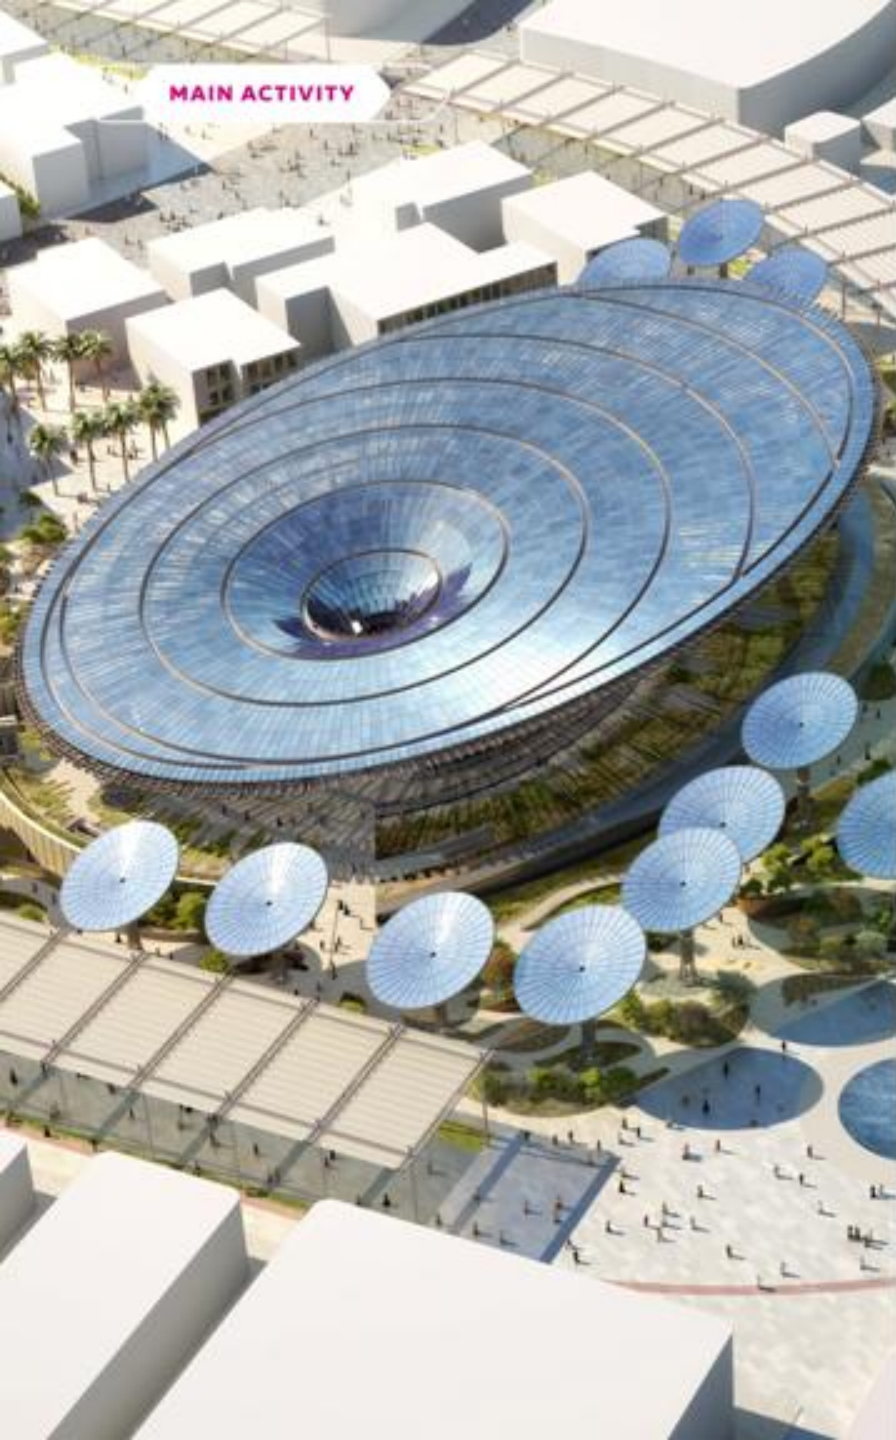

- Why do countries have pavilions at Expos?
- Why is it important?
- What opportunities do pavilions provide?
- How could a pavilion change the way you see a country?

THE UAE PAVILION

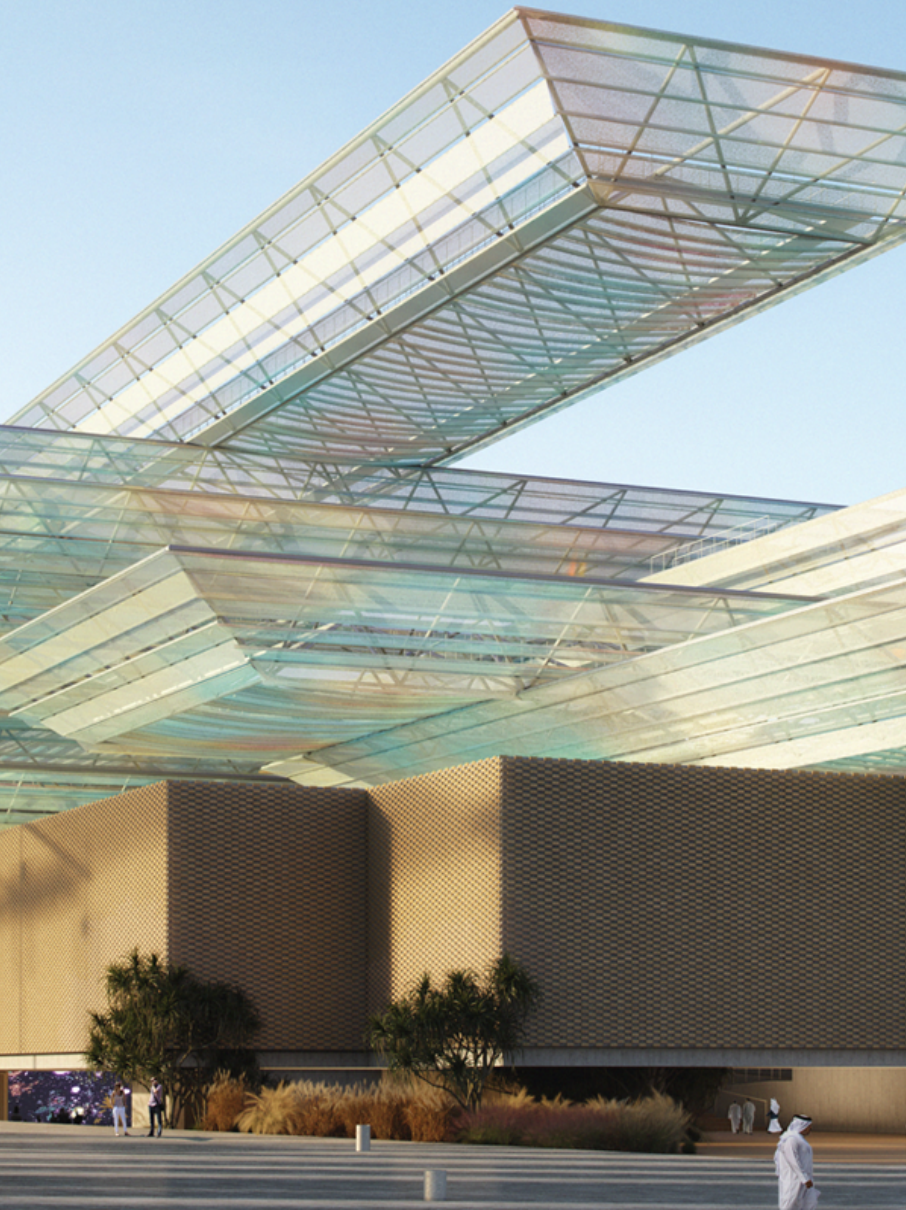

- Design inspired by a falcon in flight
- Falconry expeditions helped forge connections between tribes and create national identity
- Now falcon design symbolises how UAE is part of a global community and can soar to new heights

MAIN ACTIVITY

THE SUSTAINABILITY PAVILION

- Shares the message of how positive environmental choices today could affect the world of tomorrow
- Includes fun visuals and games, such as a giant fish who hates plastic waste and a forest which shows how trees communicate

THE OPPORTUNITY PAVILION

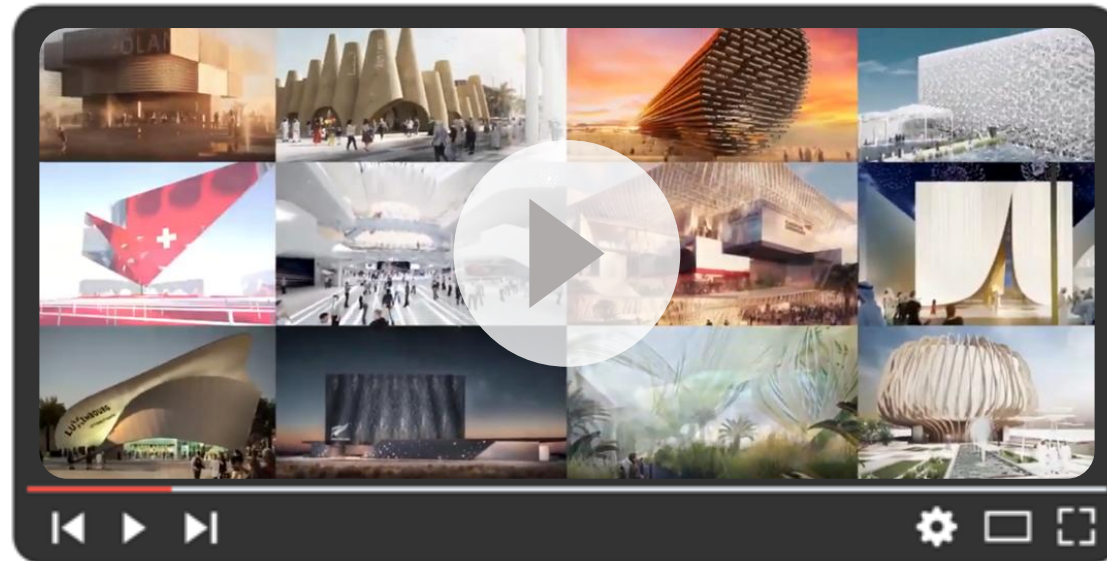

- Demonstrates how everyone can play a part in creating a better world for tomorrow
- Shows the global challenges humanity faces in terms of our basic need for water, food and energy
- Emphasizes that even small actions can have a big impact, helping protect human dignity for all

THE MOBILITY PAVILION

- Takes visitors through the past, present and future of movement
- Includes the world's largest elevating platform
- Gives a glimpse into the city of tomorrow, including robot and drone waiters

EXPO 2020 PAVILIONS REVEALED IN 2018

[VIEW ONLINE](#)

- Which is your favourite pavilion so far?
- Pick a country to investigate through the plans for their pavilion.

HISTORY MAKERS

For the first time in history, every participating country will have a pavilion of their own.

There are two types of pavilion at Expo 2020:

1. Self-Build Pavilions
2. Assisted Pavilions

What do you think these two terms mean?

WHAT IS YOUR VISION?

Imagine you were an organiser at Expo 2020 Dubai.

- What would you highlight in the UAE pavilion to teach visitors more about the country?
- How would you showcase this content?
