MUSIC, CHESS, ECO-SUGGESTIONS TO SANTA...

HERE'S HOW YOUR STUDENTS CAN SHOWCASE THEIR TALENTS
WITH EXPO 2020 DUBAI!

Dear Educators,

No need to wait – there are so many more ways that students in the UAE can take part in Expo 2020 Dubai right now!

You can show your musical side in the UK Pavilion, play chess against other students worldwide thanks to the Spain Pavilion and even tell Santa Claus your bright environmental ideas with the Finland Pavilion.

Here are your latest opportunities!

📍 UNITED KINGDOM

SHARE YOUR MUSIC AND HELP CREATE THE VOICE OF HUMANITY

The UK Pavilion's 'Soundscape' campaign is inviting people of all ages from across the globe to create a musical tapestry representing the single voice of humanity on Earth.

The initiative aims to bring together sounds and voices from all over the planet, which will be woven into a seven-minute musical piece and showcased at Expo 2020 Dubai in the UK Pavilion's Choral Space.

Whether your students would prefer to sing or play an instrument, hum or click their fingers, perform solo or with the entire school – all contributions are welcome. Participants simply need to record their part on a microphone or a mobile phone.

Age group: All ages

Deadline for submission: November 20, 2020

📍 SPAIN

PLAY CHESS WITH STUDENTS FROM ACROSS THE GLOBE

Supporting its theme 'Intelligence for Life', the Spain Pavilion at Expo 2020 Dubai is welcoming schools from the UAE and across the globe to sign up for its World Online School Chess Tournament, with the final of the competition set to be hosted at Expo.

This initiative aims to break down barriers through the common language of chess and promote the game as a powerful educational tool.

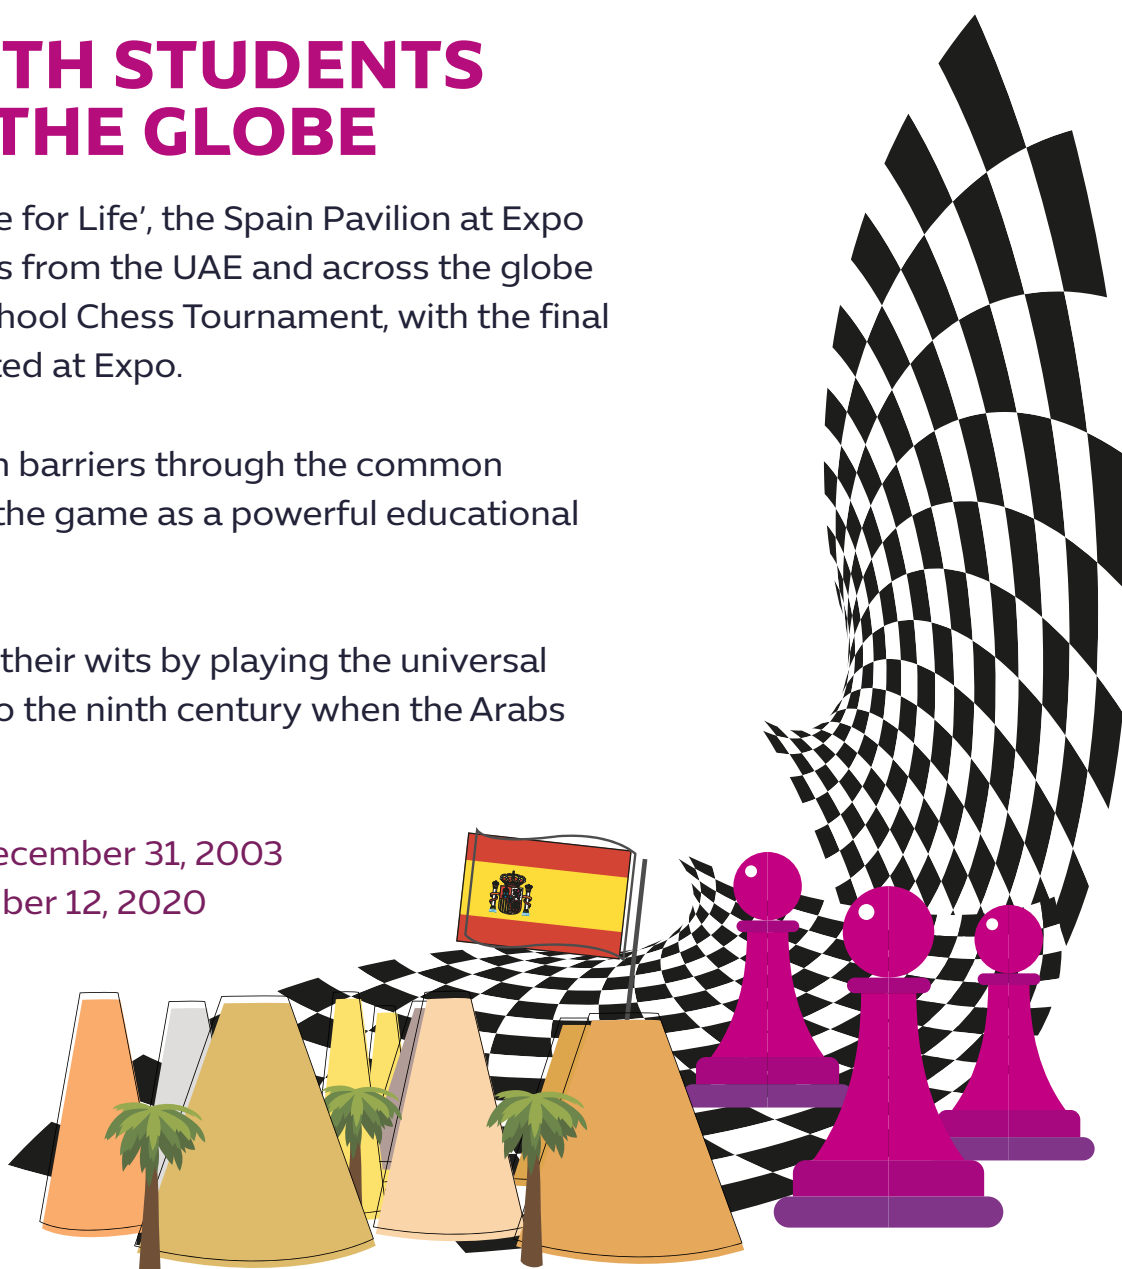

Encourage your students to test their wits by playing the universal game, whose origins date back to the ninth century when the Arabs brought it to Spain.

Age group: Anyone born after December 31, 2003

Deadline for submission: November 12, 2020

📍 FINLAND

SEND YOUR HOPES FOR A GREENER FUTURE AND GET A CHANCE TO MEET SANTA

Enjoy a video chat with Santa Claus himself, thanks to a new competition launched by the Finland Pavilion at Expo 2020 Dubai.

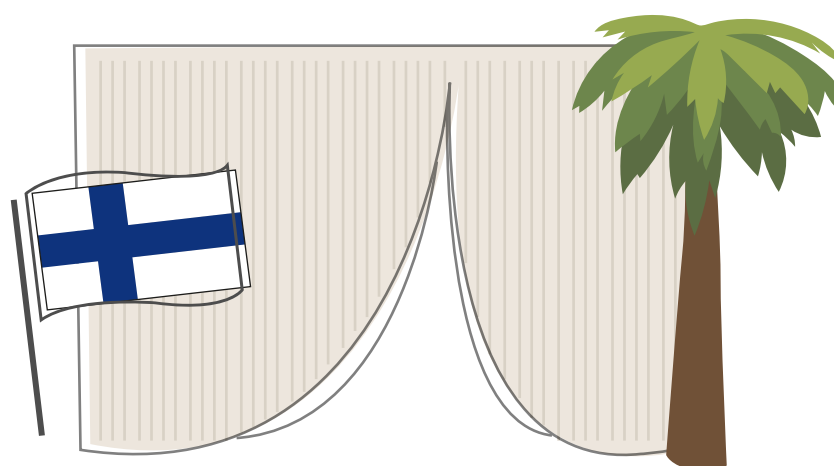

Children simply need to write a letter or create a video (60 seconds or less) and share their vision for a sustainable future while explaining how they will implement this wish in their home or school.

Three winning schools will be selected from three different countries, and each will receive an exciting Zoom call with Santa at his home in Lapland! Submissions will also be showcased in December 2021 at Expo 2020 Dubai.

Age group: 7 to 11

Deadline for submission: November 13, 2020
