

# EXPO SPACE WEEK IS READY FOR LIFT-OFF!

Expo 2020 Dubai is looking to the stars as it hosts Expo Space Week on October 5 and 6, asking the question, "How do we safely and productively explore new frontiers?"

The virtual event, which aligns with World Space Week, will feature experts pondering cutting-edge topics such as space tourism, international cooperation between nations and exploring Mars.

Expo School Programme will host a 30-minute session on Monday October 5, sharing details of its school journeys (specifically 'The Universe in Motion') among other space-related subjects with our Expo family and partners.

Access the live two-day event and full agenda through the links below.

Should you have any questions regarding Expo Space Week, kindly contact us at [schools@expo2020.ae](mailto:schools@expo2020.ae) or **800-EXPO**.
