In what way do you think the location of the Al hajar mountains may have been connected to the success of the aflaj? • Name one important archaeological site that has revealed clues about settlements in the past. • What evidence exists that may indicate that people were growing and storing grains at that time? • Why have the remains of the houses lasted as long as they have? Think about how they were constructed as well as about the nature of the environment in which they were built. You may need to do some research to help you answer this question. • What was significant about the building at hilli 14? Discuss how this site indicates that people were living in large or groups by this time or coming into regular contact with one another in groups. |
