

Year 2 A – EScience

Subject	Science
Class/Division	Year 2 A-E
Week	11 (8th Nov --- 12thNov)
Work sent to students via	Group email
Total number of lessons per week	3
Unit 2	LIVING THINGS / Growing plants
Lesson 1 and 2	Topic: Growing Plants
Resources:	<p><u>Learning Objective</u>Recognise that seeds grow into mature plants.</p> <p>Power point / video link: https://www.youtube.com/watch?v=tkFPyue5X3Q</p> <p>Learning Out comes:</p>
Task:	<p>By the end of this lesson, all students must</p> <ul style="list-style-type: none"> Identify and name some common seeds. Explain the term 'germination'. Describe the conditions needed for the successful germination of seeds. Students will grow mustard seeds in their house and make predictions. The seeds will be kept in different places. <p>Topic book: 3, 4 and 5 Workbook page -3, 5 and 6</p>
Lesson 3	Topic:Growing Plants
Resources:	<p><u>Learning Objective</u>-Observe and describe how seeds grow.</p> <p><u>Learning Out comes:</u></p> <p>By the end of this lesson, all students must</p> <ul style="list-style-type: none"> Observe how seeds grow in dry and wet medium. Record information in drawings and tables and compare the results.

Task:

Describe the effect of moisture on germination of seeds

Students will grow mustard seeds in their house and complete the experiment sheet and discuss the result of how plants grow in different conditions.

Textbook: 11 and 12
