Content Social Influence
 	
Task
	Conformity
	
	Learning Objectives:
	
	a. Describe and define conformity to majority influence and factors affecting conformity to majority influence including personality and situation.
	
	Learning Outcomes:
	
	a. Explain why some people are more likely to conform to majority influence.
	
	b. Identify situations in which we are more likely to conform.
	
	Task 1:
	    a. Copy the key terms in your notebook.
	    ➢ Why some people are more likely to conform to majority influence?
	    ➢ In which situations we are more likely to conform? Why?
	
	(To be done in GC session)

Resources	**Task 2:** Homework. Application A group of five students were given a class test on the capital cities of the world. A multiple-choice question asked for the capital city of Australia. The options were: • Sydney • Canberra • Brisbane The students discussed the answer and four of them decided to select Sydney as their answer. The fifth student was not sure, but decided that Sydney sounded about right. They all marked Sydney as their answer on the test. Using your knowledge of situational factors affecting conformity discuss the choice made by the fifth student.
