

## YEAR 6 – FIRST TERM EXAMINATION 2021

### **GENERAL INSTRUCTIONS:**

#### Prepare your workspace:

- ✚ You want to make sure you have a clean workspace.
- ✚ Choose an area with plenty of natural light and a table, chair. Lay down newspaper on your work area to keep it clean.
- ✚ Use a container of water and tissues to clean your paintbrushes between colors.

#### Gather your remaining materials:

- ✚ To create your artwork, you'll need watercolor paints, a sketchpad paper, palette, and brushes (get a few different sizes for versatility while you paint.), and plenty of inspiration.
- ✚ Make sure you have a pencil and eraser, black sketch pen on hand to draw the outline.
- ✚ You will also need a ruler to help guide your lines and make them crisp and straight.

### **ARTWORK INSTRUCTIONS:**

1. Choose a musical instrument (Saxophone, guitar, violin, cello, piano or trumpet) to have as your main subject matter.
2. Lightly sketch your instrument in pencil onto your sketchpad paper: This will be the guide for your painting. Once you have a sketch, use your ruler to sharpen any edges. Outline the musical instrument with black sketch pen.  
Make sure the drawing of the instrument is large enough to cover the whole paper.
3. Break up bigger shapes in your drawing:  
Use a pencil and a ruler to draw straight lines in all directions. Use your creativity to decide where to place them. You don't want large areas of blank space in your drawing. You also don't want to create too many areas with a bunch of tiny geometric shapes.
4. Choose your color, use different tints and shades of this **ONE** color. You want to paint each of the sections you created individually. Have only a few areas (your focal point) of brightest shades of your chosen color.  
Paint using watercolors
5. Take a picture of your artwork and turn it in the Art exam.

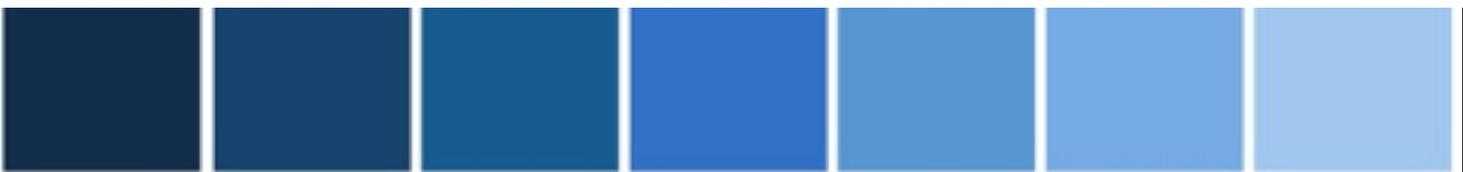

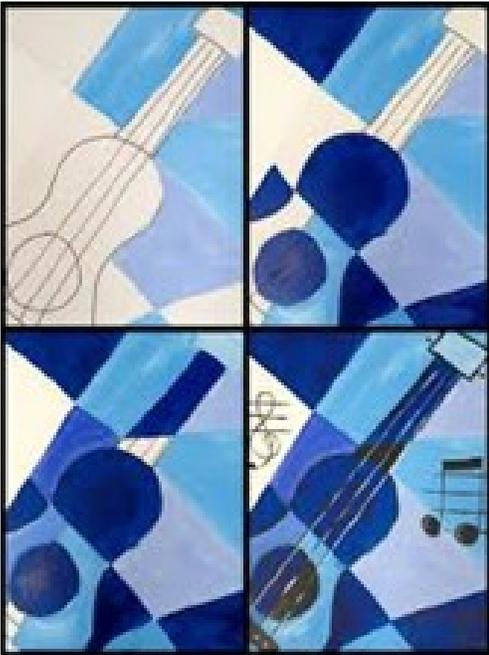

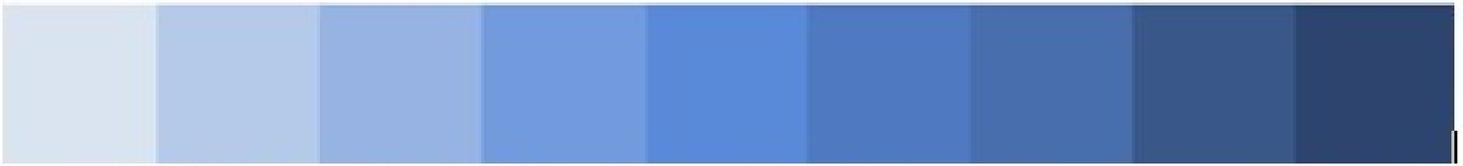

**TINTS**

**ORIGINAL**

**SHADES**

*Shade (add Black)-----Original Hue-----Tint (add White)*

Hue = color

## **EXAMPLES**
