

| Year 4 Mathematics | |
|----------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Class / Division | Year 4 A to F |
| Week | 24 (14th to 18th Feb) |
| Work send to students via | Google classroom/ Zoom |
| Total number of lessons per week | 6 |
| Topic | Decimals/Money, lines, angles |
| Lesson 1 and 2 Decimals | <p>Learning Objective Solve simple money problems with decimals to two decimal places.</p> <p>Learning Outcome Children will be able to Solve simple money problems involving decimals to two decimal places. Add/Subtract and Multiply/Divide amounts of money.</p> |
| Task | <p>Add and subtract amounts. Solve simple money problems using decimals to 2 decimal places.</p> |
| Resources | <p>Worksheet/Power point presentation Digital Resources - Screen 4.12.5 Abacus Book – 2 page 62 to 69 Abacus Book – 3 page 60 and 61 page 65 to 67</p> |
| Lesson 3 and 4 Angles | <p>Learning Objective Recognise acute, right and obtuse angles and compare angles.</p> <p>Learning Outcome Children will Identify right angle, acute and obtuse angles. Compare and classify acute and obtuse angles Order angles up to 180°</p> |
| Task | <p>Identify angles (right angle, acute angle, obtuse angle, straight and reflex angles) Measuring angles (with the help of a protractor)</p> |
| | Worksheet/Power point presentation |
