

SPRING BREAK SPECIAL!

Dear Educators,

As your students gear up for a well-deserved break, the Edu2Go Program is in celebration with **EDMIL** and **Canon Junior Academy** have prepared fun and engaging workshops to ensure their learning continues!

Whether they are interested in discovering how robots function, or simply enhancing their photography skills, these interactive sessions will provide valuable knowledge while keeping them entertained!

ONLINE WORKSHOP THE INCREDIBLE WORLD OF ROBOTICS!

with **EDMIL** and **Canon Junior Academy**

Robots are incredible machines that can truly change our world! This invite all students ages 6+ to discover their power at the **Robotics Workshop!**

Join us on March 30th at 10:00 AM where you'll explore the various types of robots that exist, understand how they work, and even learn some basic programming skills.

You'll also meet **Spot**, EDMIL's innovative delivery Robot and witness some of the amazing tasks it can do!

We can't wait to see you there!

Start: March 30
Time: 10:00 AM
Age: 6+
Duration: 60 minutes
Language: English

ONLINE WORKSHOP CALLING OUT ALL ASPIRING PHOTOGRAPHERS!

With the help of **Canon Junior Academy** and their **Edu2Go Young Storytellers** workshop, your students will transform a simple holiday photo into a true holiday tale, all while bringing out their storytelling potential!

Join us on April 7th at 10:00 AM where students ages 6-14 will gain new practical knowledge covering techniques such as composition, lighting, and more!

Happy and have your cameras roll!

Start: April 7
Time: 10:00 AM
Age: 6-14
Duration: 60 minutes
Language: English
