

Year 3 A - E - Science

Subject	Science
Class/Division	Year 3 A-E
Week	29 (14th March to 18th March, 2021)
Work sent to students via	Group email/Zoom classes
Total number of lessons per week	3 Synchronous and 1 Asynchronous
Unit-6	Rocks and soils
Lesson 1 and 2	Midterm assessment- Term 2
Lesson 3	<p>Learning objective: Recognise that soils are made from rocks and organic matter and describe how they are formed.</p> <p>Learning outcome: By the end of the lesson, students can -</p> <ul style="list-style-type: none"> • Know that soil is made from small rock particles, plant and animal remains. • Realise that soils can be different like sticky, dry, with large or small particles, differently colored etc. (need not know the names of all types of soils, clay and sandy will be enough) • Identify similarities and differences in features between different types of soil. • Describe soil in the local environment. • Explain why soil is important to humans. • Explain the importance of earthworms in making soil and in keeping soil aerated and crumbly in texture which is good for growing plants.
Resource	<p>1. Power Point Presentations for the live zoom lessons (child friendly/self explanatory)</p> <p>2. Video Soil formation- https://www.youtube.com/watch?v=XfgilDxg1co</p>

	<p>Types of soil https://www.youtube.com/watch?v=XfgilDxq1co</p> <p>3. Active learn Features of soil- https://www.activelearnprimary.co.uk/resource/412315</p>
