Mondayday – 7 th , period (Boys & Girls) Thursday 1 st GC	<p>Starter: PPT https://www.youtube.com/watch?v=9mh09hzW3JY&ab_channel=AlJazeeraEnglish</p> <p>Quran: https://www.youtube.com/watch?v=GRDtxgZ3HGK</p> <p>Understand that We are God’s representative on earth In Islam, God is the only Creator and has the highest power. He commands respect and He dominates the entire world, including the earth and the skies. God created His representative on earth [see the <i>Qur-an</i>, Ch. II (Baqara), V. 30].¹ We can see the value of mankind in Islam, i.e., a representative of God. Even in the most civilized nation we cannot see such a value for human beings.</p> <p>Real Life application: Perform our duties to useful for our country</p> <p>Cross curriculum activity:Science and Islam Muslim scholars have developed a spectrum of viewpoints on science within the context of Islam. The Quran and Islam allows for much interpretation when it comes to science. Scientists of medieval Muslim civilization contributed to the new discoveries of science.</p>
---	---

Do some research and find scientific justifications of the following verse.

“49. Lo! We have created every thing by measure.” (Surat Al-Qamar)

Quiz time:

Man has distinct position in the world ,mention three manifestations of that?

Justify:”Allah order angels to prostrate before Adam”
