AUGUST 9 DAVID FROM FLORENCE TO DUBAI

BROUGHT TO YOU BY THE ITALIAN PAVILION

Interested in art and technology? This digital workshop will take you on the journey of bringing the most authentic replica, Michelangelo's David, from Florence to Dubai. You will also get basic instructions on how to produce your own 3D digital reproduction. The 3D model you create will be collected and evaluated by a designated jury for a chance to be awarded with a special visit to the Italian Pavilion. Each part of the workshop will be delivered in a playful and interactive way using Q&A games, quizzes, videos, and photos.

Time: 11:00 AM - 12:00 PM

Duration: 60 minutes

Ages: 13 - 16

You will need: www.mentimeter.com

AUGUST 9 ENERGISING TODAY & TOMORROW

BROUGHT TO YOU BY THE MALAYSIAN PAVILION

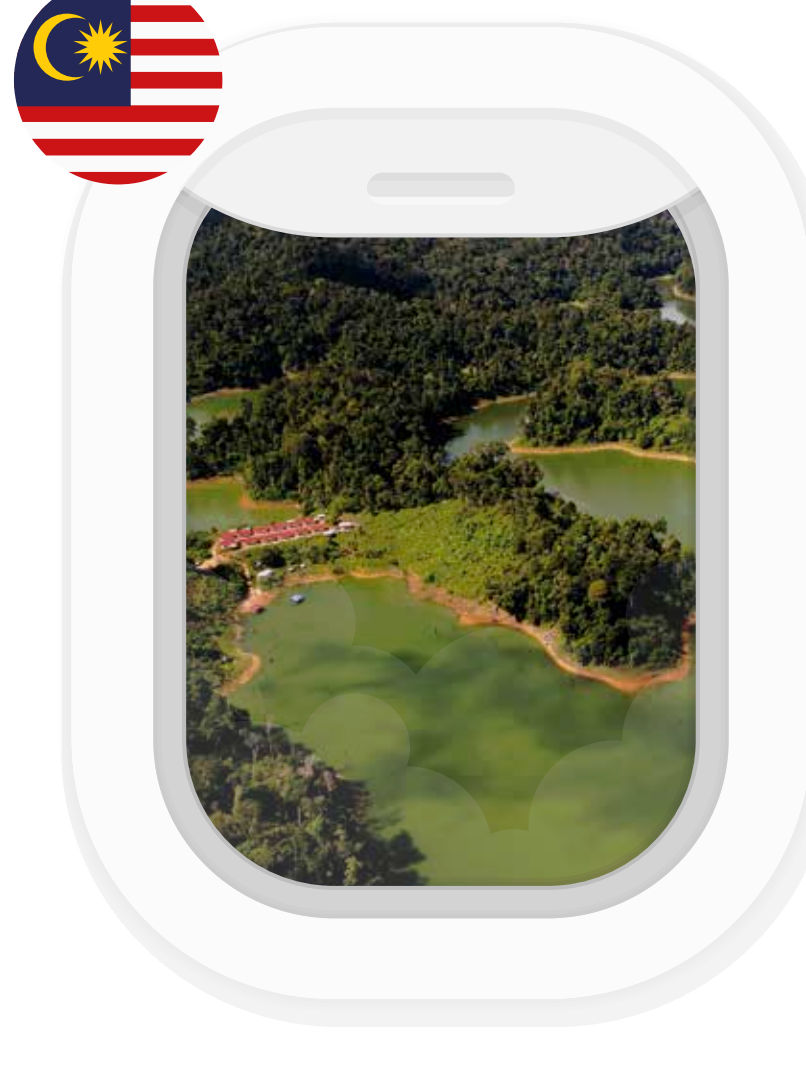

In this virtual workshop targeted at a middle school audience, you will go on an adventure in Malaysia's majestic rainforest before learning all about sustainable agriculture & Agricommodities, then science, technology and innovation before moving to NetZero carbon and re-energizing the future. You will also learn about what makes a smart city and a smart network before you test your knowledge with an interactive and fun quiz.

Time: 2:00 PM - 3:00 PM

Duration: 60 minutes

Ages: 7 - 16

SIGN ME UP!

AUGUST 10 CREATURES UNDER THE OCEAN

Join Dubai-based Origami artist Afsheen as she introduces you to the beautiful world of Origami, the Japanese art of folding paper. Using a sheet of square paper, you will learn how to create a variety of origami shapes to use as the perfect backdrop for any event, be it a birthday party or graduation, or as the finishing touch to a unique and personalized gift.

Time: 11:00 AM - 12:00 PM

Duration: 60 minutes

Ages: 7 - 10

You will need: A4 paper, 10 square sheets of paper, pencil, ruler

SIGN ME UP!

AUGUST 10 & 12 MAKERS EMPIRE

BROUGHT TO YOU BY THE AUSTRALIAN PAVILION

In this exciting workshop, you will join Makers Empire, the world's most fun and easy to use 3D design programme, as they teach you valuable design thinking skills to identify and solve real-world problems. Based on a STEM approach to student learning and engagement, Makers Empire helps develop children's creative confidence, design thinking skills to create a more innovative, adaptable and resilient future workforce.

Time:

(AUGUST 10) 2:00 PM - 3:00 PM

(AUGUST 12) 11:00 PM - 12:00 PM

Duration: 60 minutes

Ages: 7 - 11

You will need: www.makersempire.com
