TRN No. 100483609200003

Thursday, 26<sup>th</sup> October 2023

## To: The Parents of students in Years 1-13

Dear Parents,

### Greetings from Saint Mary's.

We understand that today has been challenging for many families based on where people live with water logging and traffic snarls. We also understand that it might be difficult for some families to find last minute carers for children tomorrow morning.

**We will be open tomorrow, 27<sup>th</sup> October 2023** for those who are able to access the school with minimal difficulty. For those of you who live far away, our teachers will post work in GC so children can do it according to their Friday Timetable. Any assessments missed will be given on Tuesday. We care about the safety of all our children and so we leave it up to you to choose what works best for your family.

Stay safe.
