

POETIC HEART 2024

13th Edition

Poetry validates the oneness of all humans,
it reveals and connects us to our
deepest feelings.

Theme: "Building A Sustainable Future, Together"

It underscores the importance of a shared responsibility and cooperation and the need for a collective, forward-thinking approach to tackle complex challenges related to sustainability. You are invited to write poems revolving around the idea that all of us as individuals must come together to create a sustainable world for the current as well as the future generations.

Eligibility: **Grade 8 and above**
